

Justin's tinny is a 389 Stacer Territory fitted with a 25 hp Yamaha 4 stroke outboard.
(It now has a bimini fitted and the trolling engine will be removed prior to the rally.)

The hire fee for the tinny rally is \$2,000 (excl GST).

Prior to the start of the rally.

- I will deliver the tinny to Mildura the day before the Rally with all safety gear (for two) and two full fuel tanks (please return the tinny with full tanks, otherwise \$50 per tank will be deducted from the bond). Extra jerry cans for fuel will be needed during the rally, and I can supply two if needed.
- I will show you how to use the tinny and launch it with you.

At the end of the rally

- I will arrange to meet you in Mannum and pick up the tinny
- Once your booking is confirmed I will send an invoice for a \$500 deposit. Final payment will be due 4 weeks from the tinny rally starting date.
- A bond of \$500.00 paid prior to departure will be refunded within 24 hours of returning the tinny. (Assuming the tinny has been refuelled, and no damage has been caused to tinny).
